

Hola/Hello/Labukas<3

I am Arčis Auštras, as you can probably guess from the fact that my name is probably somewhere in the title of this document. At the moment, I am a first year English Philology student at the Faculty of Philology in Vilnius University and a member of the VU SR programme “Be Etikečių”, in which I am applying for the position of communications coordinator, as I express in this letter.

I joined “Be Etikečių” in September of 2023 and have been an active member since then. The area of communications has been a source of interest to me since my first meeting, during which I accidentally sat next to the current communications coordinator and saw the very very intimidating looking but actually not scary at all comm-plan. While being in “Be Etikečių”, I have gained experience in making visuals, writing and editing texts and contributing to the management of our organization’s appearance on various social media platforms. Involvement in this sphere of “Be Etikečių” activity has given me certainty regarding the purpose and meaning of our work, knowledge about our positive impact on the wider community and a fierce desire to continue the legacy of past coordinator teams.

It is due to the reasons stated above that I am seeking your blessings in handing over the reputation (Taylor’s Version) of “Be Etikečių” communications to me. I am looking forward to seeing everyone who reads this in meetings, events and informal gatherings.

Live laugh love.
